Primary: bc_howard@hotmail.com

Secondary: brhoward@chathamcounty.org

Education: Morehead State University

BA: Geography (May, 2011)
GIS certificate earned May 2012.

University of Wisconsin-Madison

M.S. – Cartography/GIS Development
Expected graduation: May 2027.

Experience: Chatham County – Project Management Office

Savannah, GA

(09/2025 – Present)

Public Safety GIS Analyst II

Performs complex geographic data management and analysis duties supporting Chatham County E911 Communications, GIS public safety initiatives, SAGIS, and the Project Management Department. Provides geospatial database management, implementation, analysis, and design for mission-critical public safety operations. Leads CAD-GIS integration initiatives, ensuring schema alignment, address synchronization, and response zone optimization. Migrates and aligns Road Centerlines and Master Address Database datasets with Central Square GIS standards. Maintains and improves critical public safety GIS datasets and workflows to ensure efficiency and timely updates. Develops GIS feature layers and supporting workflows including highway mile markers, common places, and supplemental E911 datasets. Coordinates collaboratively with municipalities, PSAP technical staff, addressing authorities, MPC, Board of Assessors, and GIS staff to maintain database integrity and accurate addressing. Supports NG911 planning and implementation efforts while assisting with MSAG and 911 database management. Provides advanced troubleshooting and technical support for E911 mapping applications, GIS software, and hardware systems. Creates performance metrics, reporting products, and analytical outputs to support public safety leadership and operational decision-making. Mentors junior GIS personnel and provides GIS training and technical guidance to public safety staff.

U.S. Department of Justice – United States Marshals Service

Madison, WI 53703

Investigative Analyst

Provided administrative support for criminal investigators and initiating documentation in support of warrant activity. Conducted extensive database research (Accurant Lexis-Nexis, CLEAR) and open source intelligence (OSINT) gathering to locate subjects and build profiles for wanted fugitives. Researched and analyzed federal, state and local policy.

Utilized the Microsoft Office suite of products (Word, Excel, Powerpoint) for memoranda composition, report drafting and population tracking. Coordinated operations ranging from jail transports for court appearances to custody exchanges between federal and state entities. Monitors and coordinates with the Justice Prisoner and Alien Transportation Systems (JPATS) to ensure that sentenced federal persons-in-custody were designated and transported to a Bureau of Prisons facility. Utilized ArcGIS Enterprise and Pro to develop and maintain databases and map layers. Created automated and script tools to process datasets and generate reports and maps (geocoding point features from .csv files for example). Developed online and static mapping resources and datasets for agency counterparts. Compiled data using ESRI tools such as Survey123 for agency distribution. Fostered and maintained relationships with personnel at other law enforcement agencies to ensure a collaborative and mutually beneficial working environment. Communicated with judicial officials, state agency liaisons, local government officials and the public. Serves as account manager and administrator for the Electronic Movement Packet (MPAC) with district contract facilities (responsible for creating user accounts, providing training, guidance and oversight as well as compliance with Department of Justice policies to ensure people in care are provided medical care and screening necessary for transportation). District credit card holder responsible for purchasing supplies and services and reconciling charges and financial obligations and managing business programs.

U.S. Department of Justice - Federal Bureau of Prisons

FCI Oxford

(02/2023 – 09/2023)

Counselor

Responsible for NCIC background checks and admittance and denial based on results for persons-in-custody visitors. Served as administrative remedy coordinator by providing people-in-custody with appropriate forms and contacting relevant departments as well as referring to the Warden and/or regional office as required. Conducted facility admission and orientation for newly arrived people-in-custody. Conducted intake screening for newly arrived people-in-custody to determine if general population housing was appropriate given relevant security and vulnerability concerns. Assigned people-in-custody on idle status jobs and conducted performance reviews to ensure First Step Act goals were met. Facilitated Alcoholics Anonymous (AA) meetings with people-in-custody. Inspected people-in-custody housing units and living areas to ensure appropriate sanitation and housekeeping goals were reached. Screened and delivered persons-in-custody legal mail for contraband. Conducted unit disciplinary committee investigations for persons-in-custody infractions and referred severe disciplinary reports to the Disciplinary Hearing Officer for final disposition. Served as unit expert on persons-in-custody property matters.

U.S. Department of Justice - Federal Bureau of Prisons

AUSP Thomson

(08/2020 – 02/2023)

Thomson, IL 61285

Record and Systems Officer

Regular database inquiry and analysis for sentence computations and changes to guidelines. Facility mailroom training. Inspection of incoming and outgoing persons-in-custody and institutional mail for contraband, coded messages and policy violations. Preparation of official correspondence to answer routine inquiries, composing official reports and proofreading for errors. General office management and equipment maintenance (fax machines, copiers, scanners and Pitney Bowes machines). Maintained records and file storage in accordance with national and local policy. Intelligence gathering via mail inspection, email and phone monitoring for threats to staff and the public. Answered routine inquiries regarding national and local policies by telephone, email or in person with the public and other government agencies. Understanding of and interpreting national and institutional policies, procedures and regulations involving records maintenance and retention, intake processing and release procedures and documentation. Participated as a member of the "Warden's Advisory Group - Contraband Interdiction" as part of a multi-departmental team tasked with summarizing complex technical information in oral and written form for internal and external stakeholders to analyze, interpret and develop policies, procedures and rules.

Skills:*Geographic Information Science (GIS):*

Extensive familiarity with ESRI ArcGIS Pro 3.4, Enterprise and ArcGIS Online (AGOL). Conducted spatial analysis datasets, created script tools with Notebooks and script editor, published original data to agency's secure portal, reprojected coordinate systems in compliance with project needs and created map products for group use in managing district spatial data. Extensive experience with Survey123, ArcGIS StoryMaps and ArcGIS Dashboards. Familiarity with Arcade scripting for pop-up configuration. Proficient with QGIS and Idrisi Taigi (remote imagery analysis software).

Structured Query Language (SQL):

Microsoft Access, PostgreSQL, pgAdmin and PostGIS for database design and integration within ArcGIS. Thorough knowledge of SQL and RDBMs for complex multi-database creation, queries, tabular data joins and reporting.

Python:

Proficient with ArcGIS integration through ArcPy and Jupyter Notebook extensions for spatial analysis purposes and automating tasks. Extensive familiarity with GDAL/OGR for geoprocessing tasks outside of standard GIS GUIs.

CLEAR/ACCURINT:

Experience with commercial databases for locating personnel and personal information in accordance with applicable federal state laws and policies and conducting demographic research.

Adobe Creative Cloud:

Proficient with Adobe Photoshop and Illustrator (including ArcGIS Illustrator extensions) for data visualization products.

Publications:

Carlson, Peter M. and Judith S. Garrett. *Prison and Jail Administration: Practice and Theory*. 3rd edition. Burlington, MA: Jones & Bartlett Learning, 2013. (contributed as author: Chapter 21: The World of a Correctional Officer.)

Honors:

*Best Research Paper: Morehead State University Geography Department (May 2011).
*Employee of the Month – Little Sandy Correctional Complex (August 2012).
*Numerous Special Act and Time Off awards.
